Upcoming Elections

Does Wisconsin have duplicate voter registration numbers?

No. All Wisconsin voter registration numbers are unique.

Wisconsin voter registration numbers consist of at least 9 characters and are alpha-numeric. This means they may include both numbers and letters. They may also begin with any character, including a zero. Thus, the registration number is really a special code and not merely a number.

This small distinction sometimes causes confusion because people (and some common programs) often ignore leading zeros. For example, Microsoft Excel will automatically remove leading zeros from entries it identifies as numbers. If someone opens a CSV (Comma Separated Value) file in Excel without preserving leading zeros, Excel will erase them all. Thus, 000012345 becomes 12345. To preserve the digits, a user must access the original CSV file and import it to Excel using the "Get Data" tool. Or use dedicated database software such as Access to open the file.

It's worth remembering that computers don't "read" numbers like we do. A computer considers each individual character equally. To the computer, the character zero is just like any other and its meaning must be defined. You have to tell a computer to ignore a leading zero (as Excel does).

Finally, the use of alpha-numeric codes including zeros makes Wisconsin voter registration 'numbers' significantly more complex than a mere number.

Characters	Number of Possibilities Alpha-Numeric	Number of Possibilities Numeric Only (1-9)
1	95	9
2	4,465	99
3	138,415	999
4	3,183,545,000,000	9,999

1,500,000 illegally registered

155,000 suspected fake voters

Tens of thousands confirmed fake voters

Numbers growing by the week

**ERIC: non-profit, by
statute Wisconsin is
required to be a
member**

“The Electronic Registration Information Center is a non-profit organization with the sole mission of assisting states to improve the accuracy of America’s voter rolls and increase access to voter registration for all eligible citizens.”

**ERIC bars Wisconsin from
exchanging information
about illegal aliens**

ERIC has your private information: name, address, driver's license #, birthdate, last four of SS#, when you voted, how you voted: every 60 days entire list sent to them by WEC

‘When Wisconsin receives ERIC Data regarding eligible or possibly eligible citizens who are not registered to vote, Wisconsin shall, at a minimum, initiate contact with each and every eligible or possibly eligible citizen and inform them how to register to vote.’

P.16 of ERIC bylaws.

**2020 election WEC
only ran ERIC report
for “eligible residents
who are not registered
to vote”**

**David Becker founded

Louisiana just dropped ERIC

**Arizona is dropping ERIC next;
Florida is investigating ERIC,
Federal court just ruled
against ERIC: conditions illegal**

Drop ERIC immediately –

It is a voter registration scam

WEC broke countless laws, many times using "guidance "documents: then just pretending it was law.

A decorative graphic consisting of several parallel white lines of varying lengths, slanted diagonally from the bottom right towards the top right, set against the blue background.

Illegal Acts By WEC:

1. WEC told Clerks to stop counting the night of the election
2. WEC failed to issue mandatory rules on how to train special voting deputies
3. WEC told Clerks they could begin opening and counting absentee ballots days before Nov.3rd
4. WEC declared drop boxes were legal
5. WEC failed to include current state law in its administrative rules
6. WEC violated state law by not reporting the error rates
7. WEC just declared Clerks can “cure” ballots
8. WEC encouraged the rampant abuse of indefinitely confined
9. WEC approved voting machine vendors to wipe system logs clean
10. WEC permitted 46,000 voters to cast a ballot knowing the DMV did not verify them

**Places our election
clerks in legal jeopardy**

WEC is a disaster
-fire management
-revamp the whole
system
